

**INTEGRAL WORLD RESEARCH
INSTITUTE (www.iwri.net)**

Dear Colleagues,

**We are pleased to invite you to take part in
the 4th International Scientific E-conference,
"Solving the Global Problems of Modernity through
Integration in Society, Science and Culture" June 25-26, 2022**

The primary aim of the conference is to consolidate the efforts of scientists and specialists in integral methodology, aimed at revealing unity of the laws of nature, society and individual development. On this basis, we may identify new avenues of harmonious development of society and introduce an integral methodology of upbringing and education.

Conference Themes:

Methodological Block

- Philosophical foundations of the transformation of the methodology of science
- Integral worldview and worldview synthesis
- Theory of progress and the idea of one humanity
- Integration and disintegration of society in a new historical situation
- Problems of boundary and trans-boundary in philosophy and applied sciences
- Anthropicity as the antithesis of digital consciousness
- The problem of consciousness and worldview in the context of interscientific integration
- Spiritual content of social progress

Social and Humanitarian Block

- Medicine and Society: Problems and solutions in the post-pandemic Covid19
- Technological "breakthroughs" of the second millennium and social welfare
- The economy of the future: civilizational strategies for overcoming the global crisis
- War and peace in the XXI century - how to avoid mutual destruction?
- Opportunities for global cooperation - a myth or a survival strategy?
- The man in the mirror of super technologies of genetic engineering and AI
- Media modeling of images of the world and humans
- Digital culture as an alternative to traditional culture
- Literature and art in the comprehension, exploration and development of society
- Psychology and integral approaches to the study of the man

Specialized Educational and Pedagogical Session

- Education of the 21st Century: systemic conflicts and the possibilities of their solution
- Integral approach to the reformation of the system of education and upbringing
- The influence of the transdisciplinarity of science in scientific knowledge and education
- Axiological potential of modern education
- Education in the digital world: problems, strategies, technologies and methods

The conference will be streamed on YouTube (Information will be provided.)

Participation in the conference is free of charge.

To submit a paper proposal:

- send an electronic version of the paper with the author's last name as the document title (ex: Smith.doc) to: conference.iwri@gmail.com by **May 30, 2022**.
- fill out the application form by **May 30, 2022**:

<https://docs.google.com/forms/d/1gCopas0Fjj9puufMLKxVYLNafWzAmtX4HAF8cm0ZLnU/edit?usp=sharing>

- After a successful review, the editorial team responds with the following information: "Paper is accepted."

The structure of the paper should contain the following elements:

- statement of the problem and justification of its relevance
- a clear definition of the article's aim and objectives
- selection of aspects of the problem that are still insufficiently understood
- presentation of the main material with an analytical substantiation of scientific research on which the author relies
- conclusions, recommendations and perspectives for further research
- list of references

Conference languages: English, Russian

Paper length: maximum of 4 - 6 pages in A4 book format

Technical parameters

Text format: Microsoft Office Word 98, 2003 or later.

Font: Times New Roman, font size – 14 PT, spacing – 1.5 PT. Margins: left – 30 mm, right – 15 mm, top and bottom – 20 mm. Page numbering should not be assigned.

The order of material placement:

In the upper right-hand corner, please state the author's last name, initials, position, place of work, academic rank and scientific degree.

The article title should be stated in capital letters in the center of the page. **Please include an abstract** (3-4 sentences,) one interval below the title, including **keywords**, followed by the text of the article.

Use APA style for in-text citations.

One interval below the body of the article, provide a list of sources used in alphabetical order without numbering under the heading REFERENCES.

APA style uses the author's last name and year of publication, for example: (Field, 2005). For direct quotations, include the page number as well, for example: (Field, 2005, p. 14). **For sources such as websites and e-books that do not indicate page numbers**, state the paragraph number. More information on citing sources without pagination is available on the: [APA Style](#)

Example of a paragraph with in-text citation:

“... A few researchers in the linguistics field have developed training programs designed to improve native speakers' ability to understand an accented speech (Derwing, Rossiter, & Munro, 2002; Thomas, 2004). Their training techniques are based on the research described above indicating that comprehension improves with exposure to non-native speech. Derwing and co-author (2002) conducted their training with students preparing to be social workers, but noted that other professionals who work with non-native speakers could also benefit from a similar program.”

Thomas, H. K. (2004). *Training strategies for improving listeners' comprehension of foreign-accented speech* (Doctoral dissertation). University of Colorado, Boulder.

Materials that do not meet the stated requirements, the level of the conference and/or submitted after the deadline **will not be considered or returned**. The decision to accept proposals for presentation shall be made by the Organizing Committee based on the results of the reviews. One author can co-author no more than two articles. Submitted papers are not subject to editing and shall constitute the original material for further replication purposes.

Additional information can be obtained from the Organizing Committee of the conference via e-mail: conference.iwri@gmail.com
